 - (b) Phase 2: Formal Complaint
 - (c) Phase 3: Internal Appeal
 - (d) Phase 4: External Appeal.
- (2) All students can access the process. A student is not required to make an informal complaint before making a formal complaint but is generally encouraged to do so to assist possible early resolution. This does not apply to matters of sexual misconduct or sexual harassment; please refer to the Sexual Misconduct and Sexual Harassment Policy and Procedures for the alternative reporting options.
- (3) Internal appeals against a cancellation of enrolment decision, a response to a request by a student to suspend their enrolment, a grade outcome, or a non-academic misconduct outcome, will proceed directly to Phase 3, Internal Appeal. Otherwise, each phase must be completed before escalating to the next phase.
- (4) A student visa holder may lodge an External Appeal (Phase 4) against a Notice of Intention to Report (NIR) within 10 working days from the date of receipt of receiving an enrolment cancellation.
- (5) If a student who has a University of Sydney course as their Principal Course wishes to lodge an appeal against a notice refusing their request to transfer to another registered provider's course, they must refer to the University of Sydney Change of Provider Policy 2021. The College does not make decisions on the release of students who have a University of Sydney course as their Principal Course; the College may only make decisions on the release of students who have a USPP as their Principal Course.

8 Availability

- (1) This policy is freely available on the College's public-facing website and will be provided to respondent students if they are notified that a complaint has been made against them.

9 Timeliness

- (1) All complaints and appeals should be resolved as promptly as possible.
- (2) Timeframes prescribed in the procedures should be followed unless there are exceptional circumstances.
- (3) If the timeframe is to be exceeded by staff, the student must always be informed of the length of, and the reason for, the delay.

10 Appropriate confidentiality

- (1) All complaints and appeals must be treated with appropriate confidentiality at all phases in the procedures.

11 No victimisation

- (1) If a student lodges a complaint or subsequent appeal under this policy and its procedures, they should feel confident they will be treated respectfully and fairly, and not be disadvantaged in any way, especially by way of subsequent victimisation and/or discrimination.

12 Procedural fairness

- (1) When the Responsible Officer conducts an assessment, it will be fair, transparent and ensure:
 - (a) there is proper investigation of the facts and information available
 - (b) relevant persons are informed of any allegations made against them, as appropriate
 - (c) all persons involved in a complaint or appeal are made aware of how to access relevant policies and procedures
 - (d) relevant parties are heard and those who have had a complaint made against them are given an opportunity to respond before a decision is made
 - (e) all relevant submissions and any mitigating factors are given due and proper consideration before any decisions are made or any action is taken
 - (f) parties are advised that if the complaint is of such a serious nature that disciplinary action may result, then the facts revealed during an investigation into the complaint may be used in any subsequent disciplinary proceedings
 - (g) there is appropriate evidence to support a decision and the investigator and/or decision maker is not biased.
- (2) The person raising a complaint or appeal must be willing to be identified, unless:
 - (a) the facts of the matter can be tested fairly

- (b) there is independent documentary or other evidence (for example, CCTV footage, online messages) supporting the complaint and the allegation can be tested fairly
 - (c) it is not necessary for the respondent to be aware of the identity of the complainant in order to properly respond to the complaint; or
 - (d) the matter involves allegations of child abuse.
- (3) If the Responsible Officer is in doubt about the requirements of procedural fairness, advice should be sought from the College Director, Managing Director ANZ or delegate.
- (4) If allegations have been made in writing, a copy will be provided to the parties against whom the allegations have been made (unless the allegations relate to child abuse or where legislation provides otherwise).

13 Support

- (1) Any student involved in this process who requires assistance to participate effectively is encouraged to choose a Support Person who can help them present information. If the student has a special educational need, it may be appropriate that the Support Person speaks on the student's behalf.
- (2) On any occasion when the complaint or appeal is required to be discussed with staff, the student may choose to be accompanied by a Support Person.
- (3) Students with a complaint about alleged sexual assault or sexual harassment will be offered further support as outlined in the Sexual Misconduct and Sexual Harassment Policy and Procedures.

14 Access to information

- (1) Students have a right of supervised access to all documents concerning their appeals in relation to academic and enrolment issues. This right does not apply to any documents for which the College claims legal professional privilege. In relation to non-academic complaints, students will be provided with sufficient information to understand the nature of the complaint made against them.

15 Continuation of learning opportunities

- (1) The College must maintain a student's enrolment for all appeals involving cancellation of enrolment decisions until the internal appeals process referred to in the procedures below is completed. In other instances, the College will maintain a student's enrolment during the internal appeals process and may at its discretion maintain a student's enrolment during the external appeals process.
- (2) The College reserves the right to decide whether to continue to offer learning opportunities throughout the internal or external complaints and appeals process. The College may decide on a case by case basis whether the student will be:
- a. permitted to continue to attend classes,
 - b. excluded from attending classes but permitted to continue to undertake and complete class work (online or outside of the classroom environment), or
 - c. excluded from attending classes, through restrictions on the student's access to College facilities (including buildings, spaces and online facilities).

- (3) The College recognises that decisions to deny learning opportunities to a student, throughout the complaints and appeals process may disadvantage the student in their subsequent studies. The College may at its discretion undertake such action if determined necessary to maintain its duty of care to its students, staff and other stakeholders.

16 Resolution

- (1) Given the nature of many complaints, the College expects that most concerns will be resolved at an informal level (Phase 1). This form of resolution provides an ideal opportunity for open and direct discussion or correspondence between the relevant parties. Informal resolution is normally the most time effective way of resolving non-academic complaints.

17 Cost

- (1) All internal phases of the Student Complaints and Appeals Procedures are free of charge to the student. Students have access to an external appeal at minimal or no cost. Students choosing to access an external appeal via an external agency (Phase 4) may have to pay a service fee. The service fee is refunded by the College to the student if the external agency decides in favour of the student.

18 Withdrawing a Complaint or Internal Appeal

- (1) A student may withdraw a complaint or internal appeal at any time by giving written notice to the Responsible Officer, Appeal Officer or delegate. The College, at its own discretion may elect to proceed with a complaint or appeal.

19 Records Management

Records in association with this policy will be kept in accordance with the Records Management Policy and Procedures. Confidential documents related to the implementation of the policy will be maintained according to relevant privacy requirements.

PART 2 - STUDENT COMPLAINTS AND APPEALS PROCEDURES

20 Phase 1: Informal Complaint

- (1) Overview:
 - (a) The student is encouraged to raise an informal complaint directly with the person(s) involved. For example, a complaint about an assessment task should be raised in the first instance with the unit teacher.
 - (b) An informal discussion or other communication should take place directly between the relevant parties as soon as possible. The student may choose to be accompanied or assisted by a Support Person during an informal discussion.

- (c) If the student does not wish to directly approach the person(s) concerned, the student should raise the complaint with Student Support Services as soon as possible, verbally or by email (studenthelp@studygroup.com).
- (d) The Responsible Officer will consider the issue and may suggest a course of action to resolve the issue or attempt to mediate between the student and the person(s) concerned.
- (e) A record of the informal complaint and any action taken to resolve it will be placed on the Complaints Register by the relevant person or Responsible Officer.
- (f) The student will be informed by telephone or email of any action taken to resolve the complaint. This communication will be recorded in the Complaints Register by the relevant person or Responsible Officer.
- (g) If the student is not satisfied with the outcome, the student can escalate their complaint to Phase 2 and lodge a formal complaint.

21 Phase 2: Formal Complaint

- (1) The second phase involves the student completing and lodging a formal written complaint. The complaint will be assessed and/or investigated by a Responsible Officer with appropriate external support if required.
- (2) Overview:
 - (a) The student completes a Student Formal Complaint Form (Phase 2) (available from Student Support Services) and submits it to Student Support Services, either in person or via email (studenthelp@studygroup.com) or by calling +612 8303 9700.
 - (b) The student receives written acknowledgment of the complaint within five working days of the complaint lodgement.
 - (c) The Responsible Officer commences an investigation into the complaint within ten working days of it being made under these procedures and offers the student the opportunity to formally present or respond to further questions in relation to their complaint. The student may choose to be accompanied or assisted by a Support Person when presenting their complaint.
 - (d) The Responsible Officer will aim to finalise the outcome within 20 working days, and notify the student in writing with detailed reasons for the outcome. This will be recorded in the Complaints Register by the relevant person or Responsible Officer.
 - (e) Where it is not practicable to conclude an investigation within 20 working days, the Responsible Officer will notify the student of the expected timeframe for resolution.
 - (f) An internal appeal can be made (Phase 3) where a student believes there has been a failure in due process only. The student can escalate the complaint to Phase 3 under this policy within five working days, or within 20 working days for an NEC appeal.

22 Phase 3: Internal Appeal

- (1) The third phase involves the student completing and lodging a written internal appeal by completing one of the forms detailed in section 23(4). The internal appeal will be investigated through a formal process at no cost to the student.
- (2) An internal appeal may only be made on the basis of alleged failure of due process and not solely because a student is dissatisfied with a decision. If a student disputes any of the following: a cancellation of enrolment decision, a response to a student

request to suspend their enrolment, a grade outcome or a non-academic misconduct outcome, an internal appeal may also be made by presenting new evidence. A student must set out in their written internal appeal their reasons for believing that due process has not been observed, or attach new evidence as applicable.

- (3) The Internal Appeal will be investigated by a different Responsible Officer (known as the Appeal Officer) to the one involved in making the initial decision (see Appendix B – College Responsible Officers and External Appeal Options).
- (4) Overview:
 - (a) The student completes an Enrolment Cancellation Appeal Form (Phase 3) to appeal a cancellation of enrolment decision, or a Student Internal Appeals Form (Phase 3) for all other types of appeal (available from Student Support Services) and emails it to studenthelp@studygroup.com at the College.
 - (b) A student must email an Enrolment Cancellation Appeal Form (Phase 3) to the College within 20 working days of receipt of an NEC. This timeframe will not be extended.
 - (c) A student must email a Student Internal Appeals Form (Phase 3) to the College within five working days of receiving:
 - (i) a response to their complaint
 - (ii) a response to their request to suspend their enrolment
 - (iii) a grade outcome, or
 - (iv) the result of the outcome of a report of misconduct.The student should advise the College if they are unable to meet the five working day requirement and agree to a new timeframe.
 - (d) The student receives written acknowledgement of the Appeal within five working days of lodging their written internal appeal.
 - (e) The Appeal Officer will offer the student the opportunity to formally present their appeal and to be accompanied or assisted by a Support Person. The Appeal Officer will, at their discretion, either:
 - (i) make a determination based on the information provided that insufficient grounds exist to take any further action, or
 - (ii) refer the Appeal to an Internal Appeal Review Panel.
 - (f) The Internal Appeal Review Panel meets within ten working days of receipt of the written internal appeal.
 - (g) The student is given at least three working days' notice of the Internal Appeal Review Panel meeting, which will be held either in person or online. The student has the option to attend the Appeal Review Panel meeting and may bring a support person to the meeting, which will proceed whether or not they attend.
 - (h) If the matter that is the subject of the Appeal involves other parties, they may also be invited to present their case to the Internal Appeal Review Panel. A written record of the meeting including detailed reasons for the outcome must be made by the Appeal Officer and filed in the Complaints register.
 - (i) The Internal Appeal Review Panel will consider all relevant information.
 - (j) The student will be notified in writing within five working days of the decision including detailed reasons for the outcome.
 - (k) The College will immediately implement any decision and/or action required.
 - (l) If the student is not successful in the College's complaint and appeal process, the College will advise the student as soon as practicable upon completion of the internal complaint and appeal process of the student's right to access a relevant external complaint and appeal process, at minimal or no cost.
 - (m) The student must be informed if the specified timeframes cannot be met due to unforeseen circumstances.

- (n) If a student visa holder's internal appeal against an enrolment cancellation decision is not successful, their enrolment will be cancelled, they will be issued with an NIR within 10 working days after the enrolment cancellation and will not have another opportunity to submit an internal appeal. They may lodge an External Appeal (Phase 4).
- (o) If a non-student visa holder's internal appeal is not successful, their enrolment will be cancelled and they will be issued with a final notice confirming an unsuccessful appeal and cancellation of enrolment. They may lodge an External Appeal (Phase 4)
- (p) If a student's internal appeal against an enrolment cancellation decision is successful, enrolment continues; this may be subject to additional conditions.

23 Phase 4: External Appeal

- (1) The fourth phase involves an external appeal which will be formally investigated by an agency external to the College. The most relevant external agencies are listed in Appendix B – College Responsible Officers and External Appeal Options.
- (2) The external review process should only be used after Phase 3 has been completed.
- (3) Overview:
 - (a) The student may lodge an external appeal to a relevant external agency (see Appendix B – College Responsible Officers and External Appeal Options).
 - (b) The student must inform the College in writing within ten working days of a decision to proceed with an external appeal. The written notification must include the external reference number provided by external agency.
 - (c) Written notification must also be provided within ten working days if a student decides not to file an external appeal. If the student does not notify the College of their decision to file an external appeal, this will be taken as notice of withdrawal from the complaints and appeals process.
 - (d) If the external agency decides in support of the student's external appeal, the College may consider implementing any recommendations, such as reinstatement of enrolment, and will advise the student in writing as to the action taken. Where applicable, these recommendations will be incorporated into the College's policies and procedures for implementation ensuring the continuous improvement of service and quality education to students.
 - (e) If a student visa holder's external appeal against an NIR is not successful, or the student withdraws from the complaints and appeals process, the eCoE will be cancelled and the student will be issued with a final notice confirming cancellation of their eCoE.
 - (f) The procedures set out in this document do not replace or modify procedures or any other responsibilities which may arise under other policies or under law. This policy and its associated procedures do not limit the rights of individuals to take action under Australia's Consumer Protection Laws.
 - (g) These procedures do not restrict an individual's rights to pursue other legal remedies.
