“I chose to study in Australia because of the education system. I had heard that it's one of the best in the world and also the universities have so much credit. As I wanted to go to the University of Sydney, Taylors College is like a gate for me.

Studying here lets you meet new people and you learn about the other cultures. It'll teach you how to live your life, how to feel confident. We may be different in religion or culture, but because we are in the same class we are experiencing the same things. We get along well.”
