PART ONE – RECORDS MANAGEMENT POLICY

1 Name of policy

This is the Records Management Policy and Procedures 2023.

2 Commencement

This policy commences the day after the day on which it is registered.

3 Policy is binding

Except to the extent that a contrary intention is expressed, this policy binds Navitas Australia Pty Limited (formerly named Study Group Australia Pty Limited) (CRICOS Provider Code: 01682E) trading as Taylor's College Sydney (the College), staff, students and affiliates.

4 Overview

This policy (and its procedures) outlines the principles and responsibilities in relation to the College's student record management practices, to ensure compliance with regulatory requirements, business continuity, efficiency and consistency in operations and to support the rights and interests of students, staff and stakeholders.

5 Application

apply to students enrolled in an English Language Intensive Courses for Overseas Students (ELICOS) course delivered by Navitas Australia Pty Limited (CRICOS Provider Code: 01682E) trading as Taylors College Sydney (the College), to former students, and to staff and affiliates of the College.

- (1) This policy (and its procedures) supplements the Navitas Information Security Policy.
- (2) The USPP Records Management Policy and Procedure is supported by this policy and students enrolled in a USPP must refer to the related policy.

6 Definitions

Affiliates	means consultants and contractors to the College, members of the College Committees; and any other persons appointed or engaged by the College.
Applicant	means a person applying for admission to a course offered by the College.
Archiving	means the process of moving of the records that are no longer in use but have continuing value for the organisation, to a separate storage location where they will be retained for future reference and for regulatory compliance purposes.
The College	means Taylors College Sydney, including its staff, affiliates and contractors.
College Archive	means College records that are no longer in use but maintained due to their value for the business. These records may also serve the purpose of responding to regulatory requests.
College Director	means the most senior staff member for the College (or their delegate).
CRICOS	means Commonwealth Register of Institutions and Courses for Overseas Students
Delegate	means a person authorised to perform a specific responsibility.
Department of Home Affairs (DHA)	means the Australian Government department responsible for issuance of student visa and provision of student visa services (www.homeaffairs.gov.au)
Disposal	means removal of records by either permanent retention (archiving), transfer of ownership, or secure destruction.
GA47	means the general retention and disposal authority titled 'Education: Higher & further education and research records (GA47)' approved under section 21(2)c of the NSW State Records Act 1998.

International student/overseas student	means a person (whether physically located within or outside Australia) who holds or needs a visa with rights to study in Australia, and who has the right to enrol at the College.
Metadata	means certain elements added to the records to enhance the people's ability to find, authenticate, use and manage records. Some examples of metadata for records include identifiers, dates, protective markings to identify sensitive records and information.
(College) Record	means any document or other source of information compiled, recorded or stored in written form, on film, by electronic process, or in any other manner or by any other means. Records may include paper-based or electronic documents stored at the College or on systems used by the College, created and maintained by or for the College as part of its business activities and providing evidence of these activities, as required. Documents that are not part of college business related activity, documents of short-term value, drafts or documents created but not used, are not considered 'records' under this policy.
Responsible Officer	means the College staff member or delegate with responsibility for approving the disposal of records in their functional area.
Records Retention and Disposal Schedule	means a document associated with this policy, which lists the minimum times that records should be kept before they are disposed, and provides guidance on record maintenance and disposal.
Retention period	means the duration of time for which a record must be kept before disposal.
Student	means a person who is currently an enrolled student in a Taylors College course (this does not include former students).
University of Sydney Preparation Programs (USPP)	means the non-award pathway programs offered by the University of Sydney and delivered by Navitas Australia trading as Taylors College Sydney. They include the University of Sydney Foundation Program (USFP) and the High Achievers Preparation Program (HAPP).

7 Principles

- (1) The College is committed to implementing sound records management to support its operational activities and compliance requirements.
- (2) The College will ensure that information required for business needs is identified. Risks to information or systems that hold records and information are identified and mitigated.
- (3) Appropriate student record management systems will be designed, implemented, and maintained for records in different formats. Record management systems will be compatible with the systems adopted throughout Navitas. Where records are created manually, this will be done as soon as practicable after the event.
- (4) Navitas functional areas will ensure that adequate evidence of college business activity is created and captured. Records must be full, accurate, authentic, reliable and trustworthy to meet business needs.
- (5) All records created or received by staff or affiliates in the course of the College's operations and activities, are owned by Navitas. Contracts which involve outsourcing records management will be entered into having regard to the Navitas Information Security Policy.
- (6) Access to the College's databases will be monitored and controlled. Staff and affiliates will capture records within the scope of their roles, organise records to reflect business processes,

ensure records are protected from unauthorised use and provide access to records as required and authorised.

- (7) College staff and affiliates will comply with this policy and with relevant records management legislation. Records are maintained and accessed by staff on a needs basis and in accordance with the Student Privacy Policy.
- (8) College records retention and disposal periods will be set having regard to GA47. At a minimum, records will be retained for the retention periods set out in GA47.

8 Records management

- (1) Records in association with this policy will be kept in accordance with this policy. Confidential documents related to the implementation of the policy will be maintained according to relevant privacy requirements.

PART TWO – RECORDS MANAGEMENT PROCEDURES

9 Records management practices

- (1) Navitas will ensure that College records are adequately stored in secure and appropriate environments, including electronic, on campus or off campus.
- (2) Each functional area of Navitas will manage the College records for which they are responsible, according to the Records Retention and Disposal Schedule (Appendix A), which aligns with the record keeping legislation and standards applicable to Navitas as updated from time to time.
- (3) College records may be retained for longer periods of time than referenced in the retention schedule, subject to organisational need and the requirements of the University of Sydney. This decision is made by the College Director in conjunction with the Responsible Officer(s).
- (4) At the time they are captured, digital records will be assigned relevant names and metadata to facilitate access and management. Metadata should include date, author and addressee, as a minimum. Audit trails will be kept when digital records are created, amended and deleted. Records received as hard-copy correspondence should be stamped with the date of receipt and marked with the receiver's initials.
- (5) Records management systems and storage facilities will ensure records are protected from unauthorised access, alteration, deletion or loss. Migration of records between systems will be a controlled and documented process. Decommissioning of business systems will be appropriately managed.
- (6) The College will take all reasonable steps to ensure protection and recovery of records in case of a disaster. Electronic files are recoverable on a version-by-version basis, backed-up daily and located simultaneously in different locations.

10 Access to records

- (1) All College staff and affiliates must take steps to ensure that records are secure from unauthorised access, potential damage and misuse. Control measures, such as access monitoring, user verification, authorised destruction and security will be implemented to prevent unauthorised access, alteration or destruction of records.
- (2) Records will be accessible to staff and affiliates with business needs and appropriate authority both inside and outside the College, for the retention period set out in the Records Retention and Disposal Schedule (Appendix A). Staff and affiliates should only access records which they have a legitimate need to access in the course of fulfilling their duties. College staff and affiliates can access a confidential file if they are an authorised user, or where an authorised user has granted permission for them to access the file.

- (3) The College Director (or delegate):
 - (a) can authorise as well as limit access to records for college staff, affiliates and students
 - (b) must be notified immediately if loss of personal and/or sensitive information has occurred
- (4) Disclosure of records to parties external to the College must be in accordance with the *Privacy Act 1988* (Cth) and College policies, particularly the Student Privacy Policy.
- (5) Access to records via subpoena or legal warrant will be managed by the College Director (or delegate). If a subpoena or legal warrant addressed to the College is received at a functional area, it should immediately be referred to the CEO of University Partnerships Australasia (or delegate) and no information should be supplied without approval.
- (6) Physical records that are no longer in use but have continuing value for the College will be transferred to and retained as College Archive. Costs associated with the collection and transportation of records to a College Archive are the responsibility of the transferor and/or the record owner. Access to College Archive is restricted and must be authorised by the Responsible Officer. Records must be returned to the College Archive when no longer required, unless permanent removal has been approved by the Responsible Officer.

11 Disposal of records

- (1) Approval for the destruction of records must be authorised by the College Director or delegate, and as otherwise required under the Records Management Policy and Procedures. Destruction of records must be undertaken in a secure manner.
- (2) Before records can be destroyed, the Responsible Officer will complete a Records Destruction Authorisation Form for approval by the College Director or delegate. Approval and other documents related to the destruction activities must be retained as set out in the Records Retention and Disposal Schedule (Appendix A).
- (3) Records must not be destroyed if they are the subject of, or it is anticipated that they may be the subject of, subpoena or other formal lawful request for access or relate to any ongoing action such as an appeal. This is regardless of whether the minimum retention period has expired.

12 Responsibility areas

- (1) The College Director or delegate is responsible for requiring full and accurate records of college business activities to be created, captured into a recordkeeping system and managed in accordance with this policy and procedures.
- (2) College staff and affiliates are responsible for:
 - (a) making and keeping full and accurate records of business activities in which they engage, and
 - (b) complying with this policy and procedures.

13 Breach of policy

- (1) Staff or affiliates who become aware of a breach or potential breach of this policy must report it as soon as possible to the College Director for appropriate action.

14 Rescissions and replacements

- (1) This document replaces the following, which are rescinded as from the date of commencement of this document:
