PART 2 – STUDENT MISCONDUCT PROCEDURES

11 Process

- (1) Identification of potential non-academic misconduct
- (a) If a student sees what they believe may be potential misconduct, they should notify a member of staff at the College.
 - (b) All members of staff who witness potential misconduct should use their professional judgement to stop the behaviour, ensure the safety of the person and/or others, and report it to the Program Manager or delegate.
 - (c) The staff member or student who sees potential misconduct should provide in writing sufficient details of that conduct and any supporting evidence, which the Program Manager or delegate may use to determine if the allegation is minor or more serious.
- (2) Initial review
- (a) Minor instances of potential misconduct are investigated by the Program Manager or delegate investigator, whilst more serious allegations are escalated to the College Director or delegate.
 - (b) The Program Manager or delegate investigator reviews the allegation and supporting evidence, makes an initial decision as to whether the matter is to proceed and within 5 working days either:
 - (i) dismisses the allegation or
 - (ii) contacts the student, communicates the allegation to them and invites them to respond, and in cases deemed serious, refers the matter to the College Director or delegate.
 - (c) If the decision is to dismiss the allegation, this would mean there is insufficient evidence to support the allegation and therefore no clear grounds for the allegation to be put to the student. There may still be sufficient concerns to issue a caution, to be determined by the Program Manager.

- (d) In all other instances, the student will be contacted in writing, including after initial telephone contact or meetings, and will have the right to reply to the allegation within 5 working days.
 - (e) If a student admits to the conduct referred to, the matter will be considered for an appropriate penalty and will not require further investigation.
- (3) Investigation process
- (a) If the student replies to the allegation, the Program Manager or delegate investigator will record the response and any additional supporting evidence on the Student Misconduct Register. The investigation will be completed in no more than 20 working days.
 - (b) If the student does not reply, existing evidence will be used to determine the outcome including any penalties considered relevant.
 - (c) All evidence will be taken into consideration to determine the outcome, with an option to request information or advice from other parties who may be able to assist with the investigation.
 - (d) The investigation will include a review of any recorded information of the student's prior non-academic misconduct history.
 - (e) The Program Manager or delegate investigator may, during an investigation, refer an allegation to the College Director or delegate to complete an investigation into an allegation which is deemed more serious than initially anticipated or requires temporary exclusion. The College Director or delegate at their discretion may determine an appropriate outcome and if relevant, penalties, or refer the matter for consideration to the Student Non-Academic Misconduct Panel.
 - (f) In certain instances of alleged non-academic misconduct, the College Director or delegate may advise the student of a temporary suspension from attending the College by restricting a student's access to College facilities (including buildings, spaces and online facilities) for a defined period of time pending the results of investigation and the final outcome of the Student Non-Academic Misconduct Panel. For example, when the safety of members of the College community may be at risk, or to prevent damage to property, or to avoid serious disruption of any activity conducted by the College, the student will be advised in writing of the terms of their suspension. When considering suspension, the College Director or delegate or the Student Non-Academic Misconduct Panel should refer to the Deferment, Suspension, Withdrawal or Cancellation of Enrolment Policy.
- (4) Student Non-Academic Misconduct Panel
- (a) The Student Non-Academic Misconduct Panel is a panel that is convened by the College Director or delegate in instances where a non-academic misconduct allegation is serious or complex and requires further review.
 - (b) As part of the Panel's investigation, students and staff involved in the allegation may be required to attend further meetings or provide information on request. Where a student is required to appear before the Non-Academic Misconduct Panel, they will have an option to bring a support person.

12 Outcomes

- (1) Outcomes and penalties (if any) will be determined having regard to the student's prior non-academic misconduct history and will be logged on the College's Student Misconduct Register.
- (2) A student will be advised of the outcome of investigations into non-academic misconduct and if any penalties apply.
- (3) Where a student is not found to have engaged in non-academic misconduct, the allegations will be dismissed and no penalties will apply.
- (4) Where a student is found to have engaged in non-academic misconduct, outcomes and penalties may include, but are not limited to:

- (a) a formal written warning via email or letter and recorded on student file
 - (b) a College community service

 - (e) student excluded from representing the College at any College activity for a period of time
 - (f) student excluded from representing the student body on College governing bodies
 - (g) probationary enrolment for a period of up to one term, subject to the student's ongoing good behaviour and/or other conditions as determined by the decision-maker
 - (h) suspend or cancel the student's enrolment with the College for a specified period of time
 - (i) an exclusion by cancelling enrolment for all or any subject or unit of study for a set period of time up to no longer than 2 years
 - (j) withhold results
 - (k) cancel the transcript (if already issued)
 - (l) expel the student from the College permanently
 - (m) a fine
 - (n) a combination of the above.
- (5) Only the College Director can authorise suspension, exclusion or cancellation of enrolment, unless a delegate has been nominated to authorise in place of, or in the absence of the College Director.
- (6) As a condition of suspension, a student may be directed to provide a written apology, attend behavioural education sessions or workshops, or obtain medical clearance.
- (7) Where a student is found to have engaged in non-academic misconduct, they may lodge an internal appeal against the decision in accordance with the Student Complaints and Appeals Policy and Procedures.
- (8) Notification of verified serious misconduct findings that result in a student being expelled, excluded, or having their transcript cancelled (if already issued) will be reported to the University of Sydney, as the principal provider of the course in which a student is enrolled, at the conclusion of the case.
- (9) Please refer to the Cancellation and Refunds Policy and Procedures for refund entitlements in the event of a student's suspension, or exclusion by cancellation of enrolment.
