Part 1 Purpose and application

1.1 Purpose

- (1) These Procedures outline Taylors College's process of monitoring the students' attendance.

1.2 Start date

- (1) These Procedures commences the day after the day on which it is registered.

1.3 Application

- (1) These Procedures apply to all students currently enrolled in USPP.

Part 2 Attendance Procedures

- (1) Teachers mark the class roll during or immediately after each class or excursion. On excursions, teachers use a paper roll. The excursion teacher in charge must report any under-18 student absences to Student Support Services at the start and end of the trip.
- (2) From the second week of term, the College creates a Student Attendance List every Monday. This report includes each student's total possible attendance and current attendance to help track progress.
- (3) Students can view their latest attendance records on Axis, the Learning Management Platform.
- (4) If a student's predicted attendance falls below 90%, they will receive a First Warning Letter. The letter explains the predicted attendance and reminds student visa holders of their visa requirements. It also provides contact details for further support.
- (5) If a student's predicted attendance falls below 85%, they will receive a Second Warning Letter. This explains the risk to their enrolment and eCoE if attendance keeps falling. The student is invited to a meeting and placed on an attendance contract.
- (6) Students with less than 80% maximum possible attendance or who are away for more than five days without approval will receive a Notice of Enrolment Cancellation due to unsatisfactory attendance.

Part 3 Appeals Procedures

- (1) The student has the right to make an internal appeal (Phase 3) against the cancellation of enrolment decision, within 20 working days of receipt. Refer to the Complaints and Appeals Policy and Procedures for further information.
- (2) The student is expected to attend classes during the appeal process.
- (3) If the appeal is successful, the student will continue on an intervention plan. Their enrolment may include extra conditions.
- (4) If the appeal is not successful, or no appeal is made within 20 working days, the student's enrolment will be cancelled. Visa holders who appeal will get the outcome within 5 working days. They can then choose to appeal externally (Phase 4) within 10 working days. Visa holders who withdraw from the process in writing will be reported to DHA. Non-visa holders will receive a final cancellation notice.
- (5) If an internal appeal process is unsuccessful, a student visa holder may be entitled to access a relevant external appeal process with the National Student Ombudsman. Whilst an external appeal process is underway, the College will maintain the eCoE but is not compelled to continue teaching a student.
- (6) Student visa holders whose external appeal is unsuccessful, or who do not provide evidence to the College that they have submitted or intend to submit an external appeal within 10 working days of receiving their NIR, or who have withdrawn from the external appeal process, will have their eCoE cancelled and will be sent a final notice of cancellation of eCoE.
- (7) If a student's external appeal is successful, the College will decide whether or not to reinstate enrolment based on the recommendation from the relevant Ombudsman. If the student's enrolment is not reinstated, their eCoE will be cancelled and they will be sent a final notice of cancellation of eCoE.
- (8) Where applicable, student visa holders reported to DHA with a cancellation of their eCoE will break their subsequent package of study with the University of Sydney. The University of Sydney will be advised accordingly and will take any necessary action in respect of an eCoE for their University of Sydney course.
- (9) All actions are noted in the College's SMS.
- (10) Former students may reapply after one year with approval from the College Director or delegate. They must show they are more likely to succeed in the USPP course. Readmission is not guaranteed.
